Honorable Allen W. Dulles, Director,
Central Intelligence Agency,
Washington 25, D. C.

Dear Mr. Dulles:

It is certainly good to have your letter of August 16. My heartiest congratulations to you and your staff for the wonderful progress you are making.

Governor Stanley, the Highway Commission, the officials of Fairfax County and the people of Virginia want you and your agency at Langley. All of us stand ready and willing to aid you in every possible way. We believe your decisions have been wise. We hope all of you will be happy in Virginia.

The Highway Commission is ready with matching funds for the right of way of the Parkway from Chain Bridge to the Langley site. The Fairfax County Board of Supervisors meet on September 5 and we feel they will make their part available. We will handle the Department's outlay as a deficit until there is a meeting of the General Assembly which can give attention to these matters. The Special Session of the General Assembly convening on August 27 will be devoted entirely to school problems - at least that is the plan now.

Kindly let me know how I and others in Virginia can help you further your program.

If you or your assistants are ever near Richmond, I hope you will visit with me.

With highest regards and best wishes,

Sincerely yours,

J. Anderson
